Textbooks, Sports Uniforms, Graduation Gowns, iPads, Laptops & Chargers

On-site Office is Closed Next Week

Please email Nancy or Katie to arrange a drop-off/pick up.

2020-2021 School Year Registration

Online and Onsite Learning

Excelsior Academy will be offering two options for the 20-21 school year. Students can attend our program onsite or online. Both programs will be classroom based and students will have the opportunity to work with students and staff both onsite and online.

Gradelink EnrollMe

Please look for an email the week of August 10th with instructions how to access the Family Portal in Gradelink. You will also receive instructions on how to fill out registration paperwork online through Gradelink.

Attendance & Reporting Absences

Attendance Online Learning

Attendance is vital to your child's education, more so now than ever with online learning. Please make a quiet space for your child to work in daily. The area should be free from distractions and allow your child to participate freely in the class.

Reporting Absences

Please email or call Katie Wilson-student affairs, if your child is going to be absent from any part of our program.

Grading & Academic Rigor

Distance Learning

When the stay-at-home order went into place in March, Excelsior Academy moved quickly to setup a distance learning model for our students. Grades were termed "no harm" for the Spring 2020 semester.

Online Learning

Our online learning model incorporates the same academic rigor that our onsite program offers. Students will attend a modified day to allow for breaks and transitions.

Onsite Learning

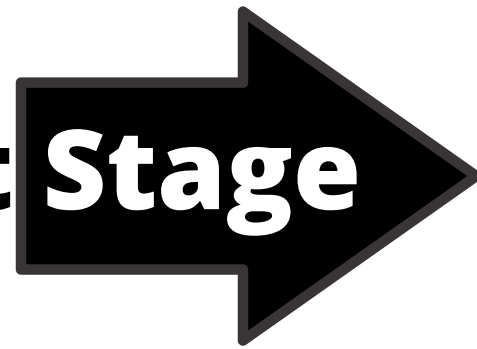

As soon as we our physically able, instruction will return to onsite for some students. Students who registered to attend online will remain in our online program but join our onsite classes via a zoom classroom.
